Response to Arguments

Applicant's arguments with respect to claims 1 – 4, 6 – 11, 13 – 17, and 19 – 21 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

Claims 1 – 4, 6 – 11, 13 – 17, and 19 – 21 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

Regarding claims 1, 8, 15, and 21, there appears to be more than one “user.” Because it is not clear which one of such users is “first” (as claimed in at least claims 1 and 21), undue experimentation is required and one skilled in the art would not know how to make the invention. Claims linked to the above rejected claims are necessarily rejected.
